The power of water. Hunts Creek is a narrow stream, often less than a couple of metres wide, yet it is a place of life, rest, healing and community. Even in the heat of summer, springs ensure that it never runs dry. I thank God every day for this place; my office!

UNFRAMED PRINTS

While I sell most of my photos as framed prints, I also sell unframed prints. This may suit you if you already have your own frames, or if you would like multiple smaller prints. All the prints that you see in this catalogue, and on the [website](#) and [Instagram](#), are available as unframed prints. If you are after a large number of unframed prints eg 10 +, I can come to you.

PRICES (Sizes in inches - 1 inch (1") = 2.54cm)

Small 5" x 5", 5" x 7" - \$5

Medium 6" x 8" - \$10

Large 8" x 8", 8" x 10", 8" x 12" - \$20

Mounted – matboard, foam protective backing for transport or posting, cellophane wrap. Fits 8" x 12" frame - \$45

FRAMED PRINTS

I sell a lot of smaller framed prints and can print in the sizes listed below. I always have a selection of framed prints in stock. Feel free to ask about my current stock. With so many frame sizes to choose from, I use a few standard frame sizes for prints that I sell as framed prints.

Note: Most framed prints have a mat, or border inside the frame, around the picture. Below is a list the frame sizes. Mat sizes may vary. Frame sizes are measured from the inside of the frame, where the frame meets the glass.

PRICES (Sizes in inches - 1 inch (1") = 2.54cm)

Small 8"x 10" (5 x 7"photo) \$30

Medium 12" x 12" - \$50

Large 12"x 16" (8" x 12" photo) - \$80

CUSTOM FRAMED PRINTS

Custom framed prints allow you to choose a custom frame, size and style and to have a consistent series of prints. With a range of quality finishes and extra choices, such as mat colour and non-reflective glass, custom framed prints really stand out.

Prices vary depending on the frame size and style. I work closely with a quality framer and can help you choose a feature piece or series of prints for your home. As a general idea of prices, a 13½ x 18 inch custom textured wood version of 'Childhood dream' (koala) sold for around \$110 framed, a wood framed version of 'Rest' (ducks) (19 x 27 inch) is currently \$220, while a very large 24 x 36 inch custom framed print, "The right light' (magnolia) is selling for \$340.

COMMISSIONS

There is something very special about having a set of custom prints in your home of something that you love, such as a place that means a lot to you. It may be your garden, local bushland or a favourite holiday destination. *I'm happy to come to your home and discuss possible commissions, including a photo shoot, photo selection and custom framing.*

Shots from a recent photo shoot in a bushland area significant to a local family.
